

SPX FLOW[®] Appoints Australian Fluid Handling as Distributor for Bran & Luebbe Pumps in Australia

To enhance access to SPX FLOW products, after a rigorous selection and evaluation process, SPX FLOW is excited to announce our partnership with Australian Fluid Handling Pty. Ltd (AFH), who have joined our network of distributors for Bran & Luebbe Pumps, Australia wide.

The addition of AFH as a channel partner will improve responsiveness and reduce lead times for all customers.

AFH is a well-established pump specialist with strong presence in the oil and gas industry. They are highly regarded for their versatility in power and energy, water treatment and the chemical industry, with a direct focus on complete chemical dosing packages, thus complementing our existing channel network, customer service team and sales force.

Sincerely,

Andrew Anderson

Channel Manager – ANZ
